The Gonfalons

Gonfalons are the banners suspended on crossbars that herald the entrance of each of the University's sixteen schools and colleges. The word derives from 12th century Florence, Italy, where each district had its own unique banner, or gonfalon. The gonfalons became symbols of state and were carried in processions by a chief magistrate or other elected official. Outstanding students are awarded the honor of carrying their school's gonfalon and leading their fellow graduates into the stadium. Our gonfalonieres this year are:

University of Washington
a World of Good

2021 Commencement

The University of Washington, on the occasion of its one hundred forty-sixth commencement, cordially welcomes all those who have come to join in ceremonies honoring the members of the graduating class of 2021.

The University, which was founded in 1861, has grown from modest beginnings in a wilderness society to become one of the world's preeminent research institutions. The more than 530,000 alumni and alumnae who have earned degrees at the University of Washington both reflect and extend its reputation as a global center of innovation and learning, a place where passion for discovery and a deep sense of social equity inspire the development of new knowledge for the common good.

Undergraduate education lies at the core of the University's mission, with sixty-eight percent of all students enrolled as undergraduates. At the same time, the University's exceptional faculty and facilities, the integration of advanced research and undergraduate teaching, and the availability of individualized and interdisciplinary programs, mean that graduates complete their baccalaureates not only with a firm academic foundation, but frequently with notable achievements in their chosen fields.

In graduate and professional education, a renowned faculty of scholars, researchers, artists, and visionaries is educating the next generation of doctors, lawyers, scientists, engineers, teachers, and skilled professionals. University faculty and students often work collaboratively with our region's acclaimed computer science, biotechnology, and aerospace industries to design and create a wide range of innovative technologies for the 21st century. Indeed, the University itself is an engine of economic growth, generating $15.7 billion annually in the state of Washington in terms of direct, indirect and induced economic impact. In the most recent Reuters ranking of world universities on innovation, UW was ranked No. 5 overall and retained its position as the most innovative public university in the world.

Those who graduate today will take their place among society's foremost leaders in science and the arts, education, business, law, health care, and public service, enriching the cultural vitality and well-being of peoples around the world. To the members of the class of 2021, the University extends its sincere congratulations. Their accomplishment is one in which the University takes deepest pride.

The Mace and the Medallion

University of Washington ceremonial occasions begin with the entrance of the University Mace, carried by Joseph Janes, associate professor in The Information School and University Marshal. A mace was originally a weapon used by mounted knights for self-protection. It since has become a symbol of authority indicating that the proceedings to follow have official sanction.

The University Mace bears the inscription: "Presented to the University on the occasion of its Centennial by the University of Washington Alumni Association, 1961." Its triangular headpiece is topped by a silver reproduction of Drumheller Fountain. The three sides bear engravings of the University seal, Denny Hall (the first building on the present campus), and the original University building on the Territorial campus.

The tradition of the president's seal medallion began in 1958, when Dr. Charles E. Odegaard was inaugurated as the University's twenty-fourth president. The seal medallion is worn by the President at official ceremonies, such as commencement.

On one side is the University seal with a facsimile of the four columns from the original territorial University building and the University Motto, Lux Sit, meaning "let there be light." On the other side are the words, "Seal of the President of the University."

The Academic Regalia and Founding Order

The academic dress worn by scholars originated in the Middle Ages. When European universities were taking form in the twelfth and thirteenth centuries, the scholars usually were clerics as well, and they adopted garb similar to that of their monastic orders. Buildings were cold and drafty, so caps and warm, floor-length capes with hoods were necessities. As the control of education passed from the churches, the garb was modified in various ways, and there was great diversity in color and style of cap, gown, and hood worn at the different institutions. The custom of wearing academic dress was brought to America in colonial times, but it was not until 1895 that a standardized code of academic dress was established and followed by most colleges and universities in the United States.

Both cap and gown are symbols. According to legend, the privilege of wearing a cap was the initial right of a freed Roman slave. The academic cap, therefore, has become a sign of the freedom of scholarship. The flowing gown has become symbolic of the democracy of scholarship, for it covers clothing that could indicate rank or social stratum. At the University of Washington, the bachelor's and master's gowns are black. The matching Oxford cap, or mortarboard, has a long tassel fastened to the middle of the top. The tassel is worn pendant over the left side of the cap. The colors of the tassels or hoods are distinctive of the candidate's school or college.

The doctoral gown at the University of Washington is purple with velvet facing and three bars of velvet on the sleeves. Doctoral degree candidates in Medicine, Law, Dentistry and Pharmacy wear the black professional doctoral gown with black chevrons on the sleeves. Advanced degree (doctoral and master's degree) candidates also wear the academic hood, the traditional garment that signifies high scholarly attainment. The colors of the master's and professional degree hoods are distinctive of the candidate's degree earned. The doctoral hood of bright satin purple and gold reflects the colors of the University of Washington.

Graduates enter the stadium and are presented for degree conferral according to the founding order of the schools and colleges.

The schools and colleges awarding degrees were established in: College of Arts and Sciences, 1861; College of Education, 1878; School of Pharmacy, 1894; School of Law, 1899; College of Engineering, 1901; College of the Environment, 2009 (College of Forest Resources, 1907, School of Fisheries, 1919); Graduate School, 1911; The Information School, 2001 (Graduate School of Library and Information Science, 1911); Foster School of Business, 1914; School of Nursing, 1945; School of Dentistry, 1946; School of Medicine, 1946; College of Built Environments, 2009 (College of Architecture and Urban Planning, 1957); School of Social Work, 1958; Evans School of Public Policy and Governance, 2000 (Graduate School of Public Affairs, 1962); School of Public Health, 1970.

Alumnus Summa Laude Dignatus Award

Since 1938, the University and the Alumni Association have presented an award to a former University of Washington student whose work has attained national or international prominence. The Alumnus Summa Laude Dignatus award, which means "alumnus worthy of the highest praise," is the highest honor bestowed by the University. The recipient is selected by a committee of University faculty and alumni.

Today we add to the long and distinguished list of individuals who have received this award the name of Larry Gossett, a respected community leader and activist who served on the King County Council for 27 years.

While enrolled at the University of Washington, Mr. Gossett spent a year in Harlem with Volunteers In Service to America (VISTA). He co-founded the University's Black Student Union and helped organize nearly a dozen high school, middle school and collegiate black student unions throughout the Seattle area. Mr Gossett's efforts helped establish a Black Studies Program on campus and he was the first UW student to graduate with a degree in African American Studies.

In 1982, Mr. Gossett founded the Minority Executive Directors Coalition. He served as the Executive Director for the Central Area Motivation Program (CAMP), providing job assistance, a food bank and programs for at-risk youth, from 1979 to 1993, when he was elected to the King County Council. As a councilman, Mr. Gossett dedicated his time to the reformation of the criminal justice system, better public transportation and job opportunities for the poor and minorities. In 1999, he led the effort to honor civil rights leader Dr. Martin Luther King, Jr. by naming King County after Dr. King and changing the county logo to his image.

As a community activist, he traveled to Japan, Canada, Russia, and Nicaragua. He represented the King County Council on various trade missions to many countries in Asia (India, Singapore, Malaysia, Indonesia, Thailand, Cambodia, Vietnam, China, and South Korea), several countries in South America and South Africa, and in Kent County in England.

Over a career spanning 45 years, Mr. Gossett has been an honored and effective public servant, advocating for the underrepresented and underprivileged in King County and for programs that help inner-city youth and reduce racial and class disparities.

President's Medalists

The President's Medal is presented annually by the University of Washington president to graduating seniors who have achieved the most distinguished academic records in their class. On the Seattle campus, one medal is given to a student who has completed at least three-fourths of their degree requirements at the University of Washington. The other is given to a student who entered the University with at least 60 transfer credits from a Washington community college.

This year's medalists are Esaac Mazengia, of Shoreline, Washington, who is graduating *summa cum laude* with a Bachelor of Science in Environmental Science & Resource Management, and Elizabeth Ann Yuki Lee, of Woodinville, Washington, who is graduating *summa cum laude* with a Bachelor of Arts in Environmental Studies.

Commencement Speaker

Dr. Jane Lubchenco, Deputy Director for Climate and Environment in the White House Office of Science and Technology Policy, and a University of Washington alumna, is this year's Commencement speaker.

Dr. Lunchenco is an ecologist with expertise in the ocean, climate change, biodiversity, and interactions between the environment and human well-being. She previously served as the U.S. Under Secretary of Commerce for Oceans and Atmosphere and Administrator of the National Oceanic and Atmospheric Administration (NOAA) from 2009-2013. From 2014-2016, she was the first U.S. State Department Science Envoy for the Ocean, serving as a science diplomat to China, Indonesia, South Africa, Mauritius and the Seychelles.

Dr. Lubchenco is an elected member of the National Academy of Sciences, the American Philosophical Society, the American Academy of Arts and Sciences, the Royal Society, the World Academy of Sciences, and the Pontifical Academy of Sciences.

She has received numerous awards recognizing her leadership, service, and contributions to science and society. These awards include 24 honorary doctorates, a MacArthur ('genius') Fellowship, and the highest honors given by the National Academy of Sciences (the Public Welfare Medal), the National Science Foundation (the Vannevar Bush Award), and the Department of Commerce (Gold Medal Award), and the highest honor given to a civilian by the U.S. Coast Guard (Distinguished Public Service Award). In 2011, Dr. Lubchenco received the highest honor the University of Washington bestows upon one of its graduates, the Alumna Summa Laude Dignata.

Dr. Lubchenco received a B.A. in biology from Colorado College, a M.S. in zoology from the University of Washington, and a Ph.D. in ecology from Harvard University.

Baccalaureate Honors

Baccalaureate Honors are based on the entire University of Washington scholastic record of each degree candidate. For members of the graduating class of 2021, the distinction of *summa cum laude* represents the top one-half of one percent (.5%) of the graduating students, *magna cum laude* the next three percent (3.0%) and *cum laude* the next six and one-half percent (6.5%). These honors are awarded to those who have completed not less than 90 credits at this institution. A single gold cord is worn by graduates who have earned these honors.

A baccalaureate honors designation for a June candidate is considered tentative and is dependent upon the student satisfactorily completing the spring quarter. June candidates are signified by an asterisk.

BACCALAUREATE DEGREES

The designation "with College Honors" noted on the following pages signifies that the graduate has successfully completed the College Honors Core curricula for their college and the Departmental Honors requirements of their department. The gold and purple entwined cord is worn by graduates who have earned College Honors.

The designation "with Interdisciplinary Honors" indicates that the graduate has completed the Honors Core curricula. The purple cord is worn by those who are graduating "with Interdisciplinary Honors."

The designation "with Honors" indicates that the graduate has completed the Departmental Honors requirements of their department. The purple cord is worn by those who are graduating "with Honors".

Students who double major between colleges are listed under the degree-granting college.

Following is a list of individuals granted baccalaureate degrees in Summer 2020.

RISE UP WITH PRIDE FOR WASHINGTON

Lyrics by Catherine Henderson
Class of 2008
Music by Bill Conti

Rise up with pride for Washington
For purple and for gold
From far and wide we meet as one
As Huskies proud and bold

Chorus
Washington we hail to thee
Honor, truth, integrity
Forever shine from lake to shore
Your light upon us ever more.

Rise up with pride for Washington
Together hand in hand
We will proclaim our loyalty
In song throughout the land

Chorus
Washington we hail to thee
Honor, truth, integrity
Forever shine from lake to shore
Your light upon us ever more.
